State Street's Pino receives SIOR designation

January 04, 2013 09:45AM

George Pino, who founded Doral-based State Street Realty in 2011, has achieved the SIOR industrial designation from the Society of Industrial and Office Realtors in Washington, D.C. He is one of just 2,800 brokers nationally who have achieved the title, which came after meeting a series of criteria as one of the top producers in the commercial real estate field. Pino is a 22-year veteran of the South Florida real estate market. —*Alexander Britell*
