

100 POWER LEADERS 2012

Honoring those who make a difference in business and the region's future.

Movers and shakers who make a difference in business and beyond

Welcome to the second annual *South Florida Business Journal* 100 Power Leaders section.

We've included these leaders not only because they are captains of industry, but also notable for their efforts to help make South Florida a better place to live, work and play.

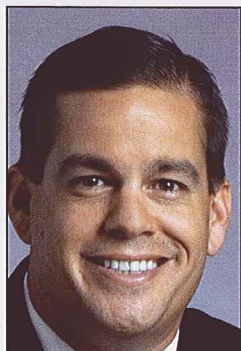

If I thought it would be easier this year to determine who would be included, I was undoubtedly wrong. There were some tough

calls on who to include from last year amid major accomplishments by others who deserved a spot on our list.

While the *Business Journal* editorial staff had the ultimate say for the 100 Power Leaders, we welcome feedback on who should be considered for recognition, including our awards programs throughout the year. Feel free to email me at kgale@bizjournals.com.
